## NEWSLETTER - OCTOBER/NOVEMBER 2022

### Governor Introduction

Dear Rotarians

October and the early part of November has been extremely busy with visits to clubs all over the District including offshore to the amazing Norfolk Island. (See article below). It was great to also attend the 60th Birthday of Warkworth Rotary Club and hear about their many amazing achievements. Our District was well represented at the Zone 8 Conference in Canberra where we were proud to have our upcoming Te Tai Tokerau Tamariki Mental Health and Wellbeing Global Grant project mentioned on multiple occasions. The Rotary International World President Elect Gordan McNally from Scotland was in attendance and when asked what he thought Rotary's project priority might move to after Polio had been eradicated (although we need to still get that job done!), he said his gut feeling was that Mental Health might be where Rotary will put its direction. It was encouraging that our District's move into this area has been acknowledged on an international stage. It was wonderful to see an award presented to our own past Governor Lindsay Ford (photos and details below).

Clubs around the District are also making good use of the new Rotary marquees for their event.

We are looking to add another for the three clubs in New Caledonia to have access to soon.

It is always exciting to help induct new members and I managed to get to do that over the last month in Norfolk Island, Waitakere and Warkworth. Congratulations to the new members and I hope you become engaged and excited about the wonderful world of Rotary.

Hot off the press - a great day riding on the trains to promote awareness of Rotary's Polio eradication efforts - the Polio All Transit day included both ferry and train rides and despite interruptions (in particular to the ferries) because of the inclement weather, all of those involved had a great time. Check out the photos below. A great cooperative effort with our neighbours in District 9920.

I look forward to seeing more of your club activities and projects over the coming months. Keep up the good work!

*Matt McLeod*

# Visit to Norfolk Island

I was lucky to visit the beautiful Norfolk Island during October to visit and present at the Norfolk Island Rotary Club. The District Governor visit is usually coordinated to be at the same time as the Annual A&H Show Day on the Island, which is also a public holiday. (The second Monday of October). This allows the District Governor and Assistant Governor to be put to good use at one of the club's main annual fundraisers - selling Burgers, Chips and Sausages at the Show.

The Club has an amazingly well set up Barbeque trailer which also includes deep fryers for preparing hot chips. The team is a very well oiled machine and during the peak of the day was turning out a constant stream of food keeping the hungry patrons happy.

This year's event was considered a success as all food was sold out by around 2.15pm with a total of 320 burgers, over 300 sausages and 200Kg of hot chips sold.

During the rest of the visit it gave me a chance to find out more about the island and its history. Club member and descendant of the original settlers who came from Pitcairn Island, Arthur was generous with his time showing myself and Assistant Governor Vicki Douglas around the island. He has an encyclopedic knowledge of the island and its history.

We also need to thank the Kiernan's (Past Governor Ian) and Jasmine for their extreme hospitality during our stay. Nothing was too much trouble and we were very spoiled by their kindness and generosity during the trip.

If you haven't been to Norfolk Island before, it should be on your bucket list, especially if you like historic sites. Flights are available via Chatham Airlines and from December will be operating on Thursdays and Mondays.

# 60th Anniversary of Warkworth Rotary

Photos from Warkworth Rotary's 60th Birthday celebrations on the 5th of November.

A large crowd attended the event held at the Warkworth Bowling Club including the one remaining charter member from 1962, Les Wilmot and his wife Gloria.

The attendees were treated to stories about the club's projects over the years including video footage from the 1980s (in)famous yacht race fundraiser that the club ran for many years and which was a major contributor to the club's funds for donations at the time.

A Paul Harris Fellow award was given to Peter Henderson (actually the Governor Elect for the local Lions District) in recognition of the ongoing cooperation that Warkworth Rotary has had with the local Lions Club, in particular with their very successful combined Food Rescue programme in Warkworth.

A superb night was had by all and congratulations to President Valda and the club for 60 years of service and a great birthday party!

# End Polio Now - Tag On, Tag Off

On Friday the 11th of November Rotarians around Auckland took part in a 'Ride the Ferries' or 'Ride the Trains' campaign to raise awareness of how rampant the disease Polio still is around the world. This campaign originates from a Rotarian who, back in Sydney, decided he was going to try and ride as many trains and visit as many stations as he could in the one day and while doing so raise funds for polio. That day he managed to receive a substantial amount in donations and a new initiative had started.

As we're a long way off from eradicating this disease, with it unfortunately recently having being detected again in countries which were thought to be Polio free, more funding is needed to fight this disease from spreading further.

Finally, after this event had to be cancelled twice before due to Covid, Rotary Browns Bay managed to get their team out on the water and onto the ferries even though the weather was wet windy and miserable with some of the ferries having been cancelled.

The team was not to be stopped and indeed was also joined by members from other clubs during the day.

We started with catching the 7.30am ferry from Bayswater and finishing up with the 18.10 ferry back to Bayswater. It was a full-on fun day.

We were warmly welcomed by the Rotary club of Waiheke Island on arrival there and they kindly drove us from Matiatia Bay to Kennedy Point to connect us to the Half Moon Bay Sealink ferry where upon arrival in Half Moon Bay we again were warmly greeted by a Rotarian from the Half Moon Bay club. The club handed us their contribution to this END POLIO NOW campaign. All in all we had a fun day which started with wet stormy weather and ended with sunshine and a bucket filled with donations from the public.

# Rotary Australia, NZ and Pacific Islands (Zone 8) Conference in Canberra

A number of people from District 9910 including the current G-Train were in Canberra at the end of October for the Australia, NZ and Pacific Islands Conference and associated training sessions for the Governor Elect and Governor Nominee.

During the event there were a number of excellent speakers but the highlight of the event was the opportunity for immediate past Governor Grant Smith to recognise one of our District's hardest working Rotarians for his work. I'll let Grant explain in his own words:

I was so honoured today to be able to recognise PG Lindsay Ford at the Zone 8 Rotary and Rotaract Conference in Canberra for his incredible service and contribution to our Rotary District 9910.

Lindsay's drive and passion to help people less fortunate than us has seen him involved in an astounding number of Rotary projects over the last 35 years. His knowledge of the Rotary Foundation and Foundation Grants model is immense, and he is only too happy to share his wisdom with Rotary colleagues around the world.

Lindsay has inspired us all to serve our communities, both local and international, and his commitment and drive to live and breathe the ideals of Rotary is outstanding.

Rotary International President Elect Gordon McNally presented the Rotary International Five Avenues of Service Award to Lindsay, and he was also surrounded by friends and colleagues to wish him well. What a great day. Congratulations Lindsay Ford.

## Events

Events in the district can be found on the district website at the following link [District 9910 Diary](#)  
- clubs who want their events here should send information/flyers to District Administrator,  
[district9910@gmail.com](mailto:district9910@gmail.com)

# Welcome to New Members

Waitakere Rotary inducted three new members (two into Waitakere Rotary and one into their Rotakids programme)  
Welcome Yolanda, Raman (Ramandeep Kaur), and Kaia to the Rotary Family.

New members Julianne and Malcolm being inducted to Norfolk Island Rotary during Matt's Governor visit.

Two members inducted at Warkworth on the 10th of November. Cherie Stevenson and Robert Morris

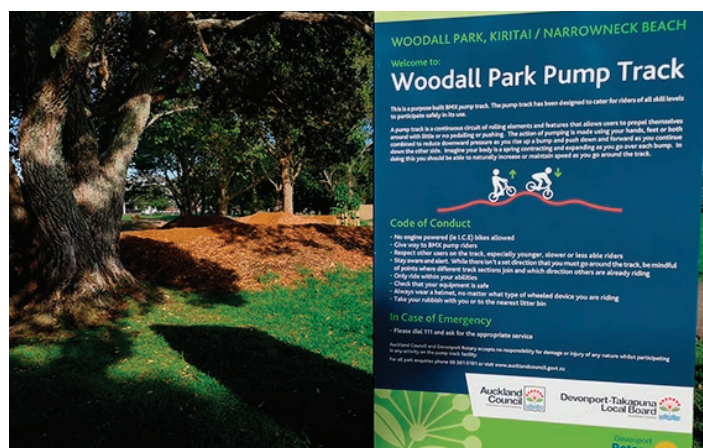

# Woodall Park Pump Track

**What is a pump track?** A short continuous dirt track with rollers and berms, that can be ridden without pedalling.

An amazing project showing cooperation between Devonport Rotary as well as Council, Local Board and many local businesses that donated goods and services to see this project completed.

This project has been championed by Devonport Rotary but in saying so we would also like to acknowledge the many hours of donated time, machinery and materials which have been supplied by our sponsors; Gill and Gundry, Benefitz, Hayden Rollet, Devonport Timber, Hammer Hardware, BGE Landscaping and Josie from the Narrow Neck cafe. Thanks also go to the Devonport Takapuna Local Board who assisted with the necessary paperwork, without which it would not have been possible to start the project.

## Pump Track - Blessing - 10th November

The blessing was blessed with lovely illumination courtesy of the early morning sunshine beaming across the park and into the pohutukawas.

From the beginning with the sounds of the pūkāea (long trumpet) and the blessing itself, then the unveiling of the official sign for the track and finishing with the sausage rolls and a cuppa afterward - it was a fitting way to acknowledge all the mahi that has gone into creating this significant community asset.

## Duck Duck Goose - Albany

New member at East Coast Bays Rotary Willie Nyugen is very generously supporting Rotary by donating 50 cents for every cup of coffee sold at his award winning Cafe in Rosedale, "Duck Duck Goose" on an ongoing basis. This has already amounted to several thousand dollars in a relatively short period of time.

We are also looking to promote local North Shore Rotary projects via displays at the Cafe.

I'd encourage you to visit Duck Duck Goose and try the amazing Banh Mi which is made with Willie's secret recipe baguettes, made in house for maximum freshness.

## Your Legacy, Rotary's Promise

Your annual gifts to The Rotary Foundation are helping people around the globe live better lives today.

Planning a gift to Rotary's Endowment supports these same life-changing programs forever.

Learn how the next century of service begins with your Rotary legacy at [rotary.org/legacy](http://rotary.org/legacy).

## Spectacles for Port Villa

Rotary Browns Bay carried some 20kg of brand new spectacles to Port Vila to pass on to the hospital ophthalmology department.

With Vanuatu's first eye doctor in place and a recent \$2.5 million upgrade and expansion of the National Eye Centre, the people of Vanuatu now have better access to high quality eye care.

Murray Allison  
m.allison23@xtra.co.nz

*Browns Bay Rotarians from left: Murray Allison, Sue Mees, Paul Mees and Josie Adriaansen*

## MAA in Vanuatau

Rotary Browns Bay also delivered for on-shiping, boxes of surgical gloves for their continuing Global Grant in the Vanuatu southern island of Aneityum. Dentist Liz Webb has been continuing her presence which was started in July 2016 but severely disrupted by Covid.

This is a permanent sustainable oral health solution with community endorsement with 2 community members, nominated by Aneityum Chiefs, continuing to treat and meet oral health needs for their own people.

NZ Medical Aid Abroad (MAA) supplied the gloves, as they have done with other equipment in past years - thanks to Rotarian Murray Kerr also involved in MAA.

# East Coast Bays Community Project

Jasminah

15 month old Jasminah arrived into the country with her mother Angelina on July 15 2019 and had VSD Heart closure surgery performed at Starship Hospital a week later. She stayed in NZ for another month. During this time Josie and other members of Rotary Browns Bay formed a very close bond with Jasminah and her mum Angelina.

In October a group from Rotary Browns Bay travelled to Vanuatu. Josie writes:

'I was dead keen to find out how Jasminah would be doing so before our departure I contacted Barbara from ROMAC asking if she had any details of where we could find them in Vanuatu.

We were provided some rough details and the name of the village where they came from so when Vanuatu Rotarian Charlie took us all on a day tour around the island we asked him to stop in Eton village and check if they were still living there.

'Charlie did have to do some asking around so we asked some elderly village people who pointed us in the right direction.

'When we arrived at the place we spotted an elderly lady sitting on the ground surrounded by a number of children and she appeared to be Jasminah's grandmother. Jasminah herself wasn't there but she sent one of the children to go and fetch her.

'Jasminah came walking over, had one look at us and then this amazing big smile appeared on her face and she came sprinting as fast as she could right into my arms and gave me the tightest hug I have ever received. It brought tears to everyone's eyes. Such an emotional experience. It made it all worthwhile.

'We were lucky that Jasminah was at home as she was to have been at school but couldn't get a bus that morning. Angelina, her mother was teaching at a school in Port Vila so the following day Adrian and I took a bus to that school to say hello to Angelina which she really appreciated. She and I are now connected on Facebook.'

Local Primary Schools; Local Kindergartens

Here are a few more interesting facts about Rotary. For previous number in the sequence, please refer to previous editions of the newsletter. Each month I will give you a few more facts. Some of the facts may have changed since these were put on club runner. Hope you find them interesting. [Fifty Things Every Rotarian Should Know](#)

### 11 - WOMEN IN ROTARY

Until 1989, the Constitution and Bylaws of Rotary International stated that Rotary club membership was for males only. In 1978 the Rotary Club of Duarte, California, invited three women to become members. The RI board withdrew the charter of that club for violation of the RI Constitution. The club brought suit against RI claiming a violation of a state civil rights law which prevents discrimination of any form in business establishments or public accommodations. The appeals court and the California Supreme Court supported the Duarte position that Rotary could not remove the club's charter merely for inducting women into the club. The United States Supreme Court upheld the California court indicating that Rotary clubs do have a "business purpose" and are in some ways public-type organizations. This action in 1987 allowed women to become Rotarians in any jurisdiction having similar "public accommodation" statutes.

The RI constitutional change was made at the 1989 Council on Legislation, with a vote to eliminate the "male only" provision for all of Rotary.

### 12 - WORLD UNDERSTANDING MONTH

The month of February is very special in the Rotary calendar since it is designated World Understanding Month. The month also includes the anniversary of the first meeting of Rotary held on February 23, 1905, now designated World Understanding and Peace Day.

In designating World Understanding Month, the Rotary International board asks all Rotary clubs to plan programs for their weekly meeting and undertake special activities to emphasize "understanding and goodwill as essential for world peace."

To observe this designated month, many clubs arrange international speakers, invite youth exchange students and international scholars from schools and universities to club meetings, plan programs featuring former Group Study Exchange team members, arrange discussions on international issues, present entertainment with an international cultural or artistic theme and schedule other programs with an international emphasis.

Many clubs take the opportunity to launch an international community service activity or make contact with a Rotary club in another country. It is a good month to initiate a Rotary Fellowship Exchange, a 3-H project to encourage support for PolioPlus and other Rotary Foundation programs.

World Understanding Month is a chance for every club to pause, plan and promote the Fourth Avenue of Service-Rotary's continued quest for goodwill, peace and understanding among people of the world.

History of the Rotary Logo

### 13 - THE CLASSIFICATION PRINCIPLE

Virtually all membership in Rotary was based upon a "classification." Basically a classification describes the distinct and recognized business or professional service which the Rotarian renders to society.

The principle of Rotary classification is somewhat more specific and precise. In determining the classification of a Rotarian it is necessary to look at the "principal or recognized business or professional activity of the firm, company or institution" with which an active member is connected or "that which covers his principal and recognized business or professional activity." It should be clearly understood that classifications are determined by activities or services to society rather than by the position held by a particular individual. In other words, if a person is the president of a bank, he or she is not classified as "bank president" but under the classification "banking."

It is the principal and recognized activity of a business or professional establishment or the individual's principal and recognized business or professional activity that determines the classification to be established and loaned to a qualified person. For example, the permanently employed electrical engineer, insurance adjuster, or business manager of a railroad company, mining company, manufacturing concern, hospital, clinic, etc., may be considered for membership as a representative of the particular work he or she may be doing personally or as a representative of the firm, company, or institution for which the professional service is being done.

The classification principle also permits business and industries to be separated into distinct functions such as manufacturing, distributing, retailing and servicing. Classifications may also be specified as distinct and independent divisions of a large corporation or university within the club's territory, such as a school of business or a school of engineering.

Though the classification principle is not as dominant as it once was it is still important that we make an effort to assure that each Rotary club represents a cross section of the business and professional service of the community.

### 14 - EXCHANGE OF CLUB BANNERS

One of the colorful traditions of many Rotary clubs is the exchange of small banners, flags or pennants. Rotarians traveling to distant locations often take banners to exchange at "make up" meetings as a token of friendship. Many clubs use the decorative banners they have received for attractive displays at club meetings and district events.

The Rotary International board recognized the growing popularity of the banner exchange back in 1959 and suggested that those clubs which participate in such exchanges give careful thought to the design of their banners in order that they be distinctive and expressive of the community and country of which the club is a part. It is recommended that banners include pictures, slogans or designs which portray the territorial area of the club.

The board was also mindful of the financial burden such exchange may impose upon some clubs, especially in popular areas where many visitors make up and request to exchange. In all instances, clubs are cautioned to exercise discretion and moderation in the exchange of banners in order that the financial obligations do not interfere with the basic service activities of the club.

Exchanging club banners is a very pleasant custom, especially when a creative and artistic banner tells an interesting story of community pride. The exchange of banners is a significant tradition of Rotary and serves as a tangible symbol of our international fellowship.

# WANTED

## District 9910 Governor 2025 -2026

Future thinking, strong organisational skills, great interpersonal communication, flexible and passionate about Rotary.

Does this sound like someone in your Rotary Club?

We are now looking for a Rotarian to lead District 9910 as our Governor in 2025 – 2026.

Be a part of Rotary history as this will be the final year that New Zealand and Australia Districts will operate in their current structure. As the incoming Governor you will have input into, and support the transition of new roles and functions under the Zone 8 Regionalisation Project 'Creating Tomorrow'.

If you would like further information about the role or to make a nomination please contact Nominating Committee Convenor:

PDG Jerry Norman 027 614 6595 or email [jerrynorman.rotary@gmail.com](mailto:jerrynorman.rotary@gmail.com)

# JR McKenzie Youth Education Fund

## Back to School!

These words will ramp up the anxiety for many parents in our District.

Hopefully Rotary and the special needs and the resources teachers will be able to work with JR McKenzie YEF committee to help ease that anxiety by getting their applications in early for grants for uniforms and stationery.

Did you know that most intermediate and senior school uniforms cost between \$400 and \$500.00?

Primary school uniforms can cost up to \$280.

Then you have to add to cost of shoes.

If you have more than one child at the school, then that is a huge amount to find following on from Christmas and school holiday expenses. If we can get the applications approved before Christmas, then the families can go in late January to collect the uniforms and nobody misses out on those first critical days at school.

Some schools are the suppliers of uniforms which makes life easier for everyone. Talk to us about the potential for bulk grants to schools who have a large number of families who struggle to cover the costs of uniforms and or stationery.

Committee members are happy to talk to your club about the extent of the grants available.

Contact Ali Chamberlain 021 599 395

## 2022 Interact Awards

## 2022 Interact Awards

The [2022 Interact Awards](#) are here! This year, Interact clubs are invited to show how their members are champions of diversity, equity, and inclusion through their projects, club, and community.

Awards will be given for best video, best photo, and best essay. Interact sponsors and advisers, let your clubs know that nominations are due by 1 December.

# Rotary Reconnect Week

The week in October containing the 7th is Rotary Reconnect Week, an annual event in the Rotary Calendar. This year it was 3 –9 October.

Rotary Reconnect Week is designed to encourage clubs to reach out to those people they have sponsored to participate in a Rotary program such as Rotary Youth Exchange (RYE), Rotary Youth Leadership Award (RYLA), Group Study Exchange (GSE), MUNA (Model United Nations Assembly), RNSTF (Rotary National Science and Technology Forum) or a Rotary Scholarship.

Send your club's re-connections stories to the District Alumni Lead, Vicki Hill at [rotaryd9910alumni@gmail.com](mailto:rotaryd9910alumni@gmail.com)

## World Health Summit Polio pledges

Yesterday, at a pledging session at the World Health Summit, hosted by the German Government in Berlin, global leaders confirmed US\$ 2.6 billion in funding toward the Global Polio Eradication Initiative's (GPEI) [2022-2026 Strategy](#).

This included \$AUD43.5 million pledged by Senator Pat Conroy on behalf of the Australian Government and \$USD150 million confirmed by TRF Chair, Ian Riseley on behalf of Rotary International. A full list of the donors can be found in the attached WHO press release.

Furthermore, Dr Chris Elias from the Gates Foundation confirmed that it would continue its 2:1 match of contributions from Rotary for another 3 years. It is up to us to maximize this by raising \$USD50 million each year.

Other pleasing features of the pledging event were the acknowledgement of Rotary's vital role in polio eradication; the sense of good will and collaboration between governments and other agencies to eradicate the disease; and a feeling of optimism that the job could be completed by 2026.

# Tanna Water Project

Shirley and I recently visited Vanuatu from 11th to 18th October utilising air tickets and accommodation that had been booked for the March 2020 Rotary conference that got cancelled.

This was an opportunity for me to go down to Tanna Island (about a 48 min flight) from Port Vila for half a day or so on a Saturday morning, when I finally got to see the Tafea College Rainwater Harvesting Project that was initiated following a visit I made there in February 2019.

The project involved the installation of six 10,000 litre rainwater tanks, with associated guttering and piping was thankfully implemented using local Vanuatu labour and a well organised local equipment supplier and was completed in September 2020 despite the Covid lockdowns.

On this occasion, I met the new college principal Iaka Maimai for a couple of hours, and he showed me around the completed project facilities, which were all pretty much as I expected and in line with the photos I had been sent in September 2020. The principal confirmed that the water project had had a huge impact at the school, leading to improved health of the students, because of the improved water quality available.

I'm including in this note several photos of the project installation. All I can really say at this stage is that was it was very satisfying to see the completed project myself and I am again very appreciative of the support I received from within Rotary Browns Bay and the other clubs and groups that contributed financially to the cost of this project.

You may recall that at the end of the Tanna project there was approx. \$2300 left in the project funds which were then used to fund another rainwater tank for Action Aid Vanuatu, an organisation that supports women in Vanuatu. During our visit we also visited this installation which is shown in the photos.

I'm also attaching for reference a copy of my September 2020 project completion report which provides more information about the project.

*With Iaka Maimai, Tafea College Principal*

*The plaque acknowledging the role of Rotary Browns Bay and the other clubs and organisations that supported the project*

# 2022 TOURNAMENT GOLF FOR STARSHIP

## NATIONAL AIR AMBULANCE

Is delighted to  
invite you to:

Support Cure Kids research to  
end rheumatic fever and hear  
Nicola Willis speak about where  
the economy is heading.

FUNDRAISING

# BREAKFAST WITH NICOLA WILLIS

Friday 25 November 2022

Birkenhead Yacht Club  
1 Hinemoa Street, Birkenhead

7am – 9am

The event will include a raffle.

Raffle tickets: \$5 per ticket or 5 for \$20.

Note change  
in venue.

EVENT

Nicola Willis is Deputy Leader and Finance Spokesperson of the National Party and is a list MP based in Wellington. She is also a member of Parliament's Finance and Expenditure and Intelligence and Security Select Committees.

Prior to becoming an MP she held senior management roles at Fonterra and was senior advisor to Prime Minister John Key. She has also worked in small businesses and combines her political career with raising a family of four children aged 6 to 12.

## TICKETS

Purchase through Eventbrite  
[www.eventbrite.co.nz](https://www.eventbrite.co.nz)

Tables of 10: \$800 (incl GST)  
Individual tickets: \$80 (incl GST)

A buffet breakfast will be provided

"Breakfast with Nicola Willis" on November 25th being held at Birkenhead Yacht Club, Birkenhead at 7am which is a fundraiser by Rotary Birkenhead for Cure Kids.

Rotary Birkenhead member, the late Bob Yarnton, lead the setting up of Cure Kids 50 years. To celebrate this milestone, our club pledge \$50,000 to assist with the research into Rheumatic Fever and this event will complete the pledge.

Rheumatic Fever is a New Zealand disgrace as this disease kills approx. 130 people per annum and leaves many other with life-long heart disease.

It would be great if you could come along or get a group of your friends together or share the event with your network.

## 2023 RI Melbourne Convention Launch 4-8<sup>th</sup> June 2022 (Houston, USA time)

**SPECIAL REGISTRATION FEE – 5 DAYS ONLY – <https://convention.rotary.org/en>**

Ensure you register for this once in a lifetime RI Melbourne Convention between **4-8<sup>th</sup> June (Houston time)** to get the cheapest and best registration rate for this amazing Convention. Registration fee goes up by AU\$70.00 on 9<sup>th</sup> June.

**ACCOMMODATION - <https://convention.rotary.org/en>**

If you are seeking accommodation in one of the many RI block booked hotels for the Convention it is recommended you book this at the same time to ensure you get the best accommodation within your price and distance range from the two Convention venues –Rod Laver Arena at Melbourne & Olympic Park and the Melbourne Convention and Exhibition Centre, ( MCEC) on Spencer Street.

**CONVENTION EVENTS - <https://convention.rotary.org/en>**

The Melbourne HOC is hosting several exceptional and exciting Special (night-time) Events, including Host Hospitality during the Convention. Tickets for these events will be sold on a first come basis, so it is important that you choose the events you want to attend and lock them in ASAP to ensure you get to attend what you really want to experience!!

In the meantime, you can visit the HOC Website at <https://rotarymelbourne2023.org/index>
