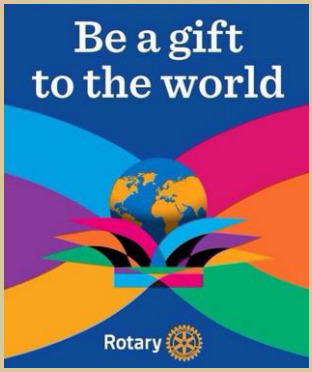
29 May –1 June	Rotary International Convention Seoul
12 June	Rotary Learning & Information

Club Happenings

18 Apr	Nth Harbour Movie Night
23 Apr	Birkenhead/Santo - volunteers leave NZ for Mbossung School rebuild Vanuatu
24 April	Milford Walk for ROMAC
30 Apr – 1 May	Onehunga One Tree Hill – Book Fair
1 May	Takapuna Nth Movie Night
11 May	Birkenhead Movie Night

April
is
Maternal and Child Health Month



Elaine and I returned from our wonderful "Lead, Guide Inspire" Conference at Trinity Wharf in Tauranga buzzing. The conference exceeded my dreams and those of you who attended were All Stars – thank you for joining us there. Weren't our guest speakers Guy Ryan, Dr Deborah Lambie and William Pike inspiring? These young stars are doing amazing things for young people in the community. They certainly have me wanting to get out there and make a difference ☺ I challenge each of you to take action too. You will find links to their work in this newsletter.

Rotary's area of focus for April is Maternal and Child Health.
A number of our clubs are already working in this area. For those who aren't as yet, I encourage your club to focus on assisting a group in your local community or as part of a Rotary International program. This is where we can make a real difference in future generations.

For me personally, April has been special in this respect. The weekend after conference we welcomed my daughter Lisa, her husband Tak and my very special, 3 month old, first granddaughter Mia on a visit from London. Grandad was able to have his first hug ☺

Foundation

Now as we are in April, it is time to consider what each club will be donating to The Rotary Foundation. At the end of March, 19 Clubs had made donations to the Annual Fund and 11 to the PolioPlus Fund. Each year there are clubs that fail to get the donations through in time to be credited for the appropriate Rotary year. This is a plea to all Clubs to dispatch their donation to Maurice Hanvey, Foundation Treasurer as soon as possible (hanvey@xtra.co.nz).

Pacific atmosphere

Currently we have **230 Centurions in our District**. I encourage you, the remaining Rotarians, to consider making a personal contribution to our Rotary Charity. Give up that cup of coffee a fortnight, contact Sue Hamnett (suhamnett@xtra.co.nz) and become a Centurion. Many Rotarians are reluctant to give to the foundation because they think we will never see the money again. This is just not the case. Half the funds we give this year come back to our District for distribution in 3 years' time to be used by our clubs for projects in our community here and overseas. The other half goes into the Global Fund which we can access for our Global Grants. It is vital to remember this is our money and the control of how it is spent is up to us.

One of the ways your club can access funds is to apply for one of the 20 District Foundation Grants available for 2016-17. As incoming District Rotary Foundation Chair, I have sent guidelines and application forms to your 2016-17 Presidents. I encourage all Rotarians and Clubs to apply for a District Grant; this will ensure the money we donate is used wisely in our communities.

Membership

Those who attended the Conference enjoyed the thought provoking presentation on Membership by Assistant Regional Rotary Coordinator and Past Governor (9980) John Prendergast – an accountant with a rare sense of humour. John reinforced the message I have been sharing during my club visits.

One of the heartening things for me is seeing how many clubs in our District have already grasped the challenge, are actively looking at their club and working to make it more attractive for future Rotarians. These clubs are growing and we are seeing the results in our membership numbers. As the growth graph shows, our net District membership is now +20 over the beginning of the year.

Please keep up the good work – our goal for this year is to achieve a net growth of +41.

District 9910 Conference

BE A STAR
LEAD. GUIDE. INSPIRE

Wow! Organisers take a bow, District 9910 Conference was fantastic! All about being a star to lead, guide and inspire, this conference achieved its goal. Proceedings started on Friday evening with registration, drinks and canapes.

The formal opening ceremony commenced with a Powhiri by Huikakahu Kawe, kaumatua of the Ngati Ranginui iwi with Rotarian Keith Young from Rotary East Coast Bays who replied in Te Reo Maori on behalf of Governor Peter. ***Photo left: Keith Young speaking with Huikakahu Kawe***

Deputy Mayor Kelvin Clouts welcomed the Conference to Tauranga and Governor Peter welcomed Rotarians to **District 9910 2016 Conference** which was followed by the traditional International Youth Exchange (IYE) flag parade.

Past Governor Lindsay Ford, Chair of the Vanuatu Committee ***(photo right)*** updated the conference on all the projects currently underway in Vanuatu during "A bit of Vanuatu Time". You would be amazed at the projects within our District: under way, just finished or in the planning stages.

BUILDING ENVELOPE SOLUTIONS

Neil Murray introduced Outbound IYE Students Hamish Duley from Kawakawa who was the first IYE student from District 9910 to Turkey and Rachel Boyd who was IYE student to Brazil in 2014. Rachel presented her winning speech on the parallels between today's youth and the youth of 1914-1918 as they prepared to go to World War I, which saw her represent NZ youth at Gallipoli. We heard how the IYE programme had influenced and shaped their thinking as they make decisions on their future pathways into adulthood.

Photo left: Hamish, Neil and Rachel

Kelly McLuckie, Rotary Takapuna*, said that "Being an ex-service person, both Hamish's and Rachel's presentations on their connection and learning about Anzac Day and our involvement at Gallipoli bought tears to my eyes and a catch in my throat. Feeling their awe and deep understanding was a humbling experience, and knowing that it was us as Rotarians that gave them the IYE opportunity and others to grow into the extraodinary young people was both inspiring and very gratifiying. I can't wait to see what they do next!"*

Keynote speaker **Guy Ryan, Young New Zealander of the Year 2015, from Inspiring Stories** is just the type of guy that makes your heart sing. Always full of great ideas, he almost rubs off on you with his enthusiasm and lovely frank (NZ) nature. ***Kelly McLuckie*** *said "I loved his story telling and felt compelled to look up www.inspiringstories.org.nz to find a young person in my area to connect with and introduce to our club".* Governor Peter presented Guy with a Paul Harris Fellow for founding Inspiring Stories and enabling many young New Zealanders to unleash their potential to change the world.

As the conference had afternoons free, delegates had time to play and explore Tauranga and the wider Bay of Plenty. The weather let us down with overcast and/or misty rain on both days. However, this did not deter delegates who got out and about; some heading east to Te Puke and Whakatane, others played golf, shopped (good shoe shops in Tauranga), walked around or up the Mount, checked out the cafes and restaurants around the waterfront and The Mount, plus much more.

Day 2 commenced with a Moment of Silence for Rotarians who had passed away.

We celebrated the successes of the smaller projects in Vanuatu, getting clean water to villages, providing showers, water storage, providing opportunities for economic development with the right equipment for business to flourish. One such opportunity was an ice making plant, which enables fishermen to transport their catch to market in good condition. This has led to a local store being opened and one person being employed to operate the store and maintain the ice making plant. **Low cost project that makes a big difference.**

The Numbers Game Presentation: what an amazing presentation by Past Governor 9980 John Prendergast a chartered accountant from Invercargill. John is the CEO of the Community Trust of Southland, a community-owned philanthropic $200m investment trust, which grants $7m a year for community projects in Southland. John highlighted statistics and trends in membership. Making reference to the article in Feb 2016 Governor's Newsletter written by Don Pointon **about getting your product right within your club**, make sure the prospective members are right for Rotary. Getting new members just to increase your figures doesn't work long term and on average they only stay 3 years. **The figures never lie!** Contact Governor Peter for a copy of John's presentation. It may help you rethink your club's membership strategic plan.

IYE Inbound Students were introduced to the Conference. ***Julie Tuck, Rotary Westhaven*** *said "You could hear the IYE students before you saw them, with the jingle of their impressive badges, and mementoes on their jackets".*

Four representatives were selected to share their thoughts and experiences so far.

Damian Suri from Switzerland said his only knowledge of Rotary was that his Dad went off to a flash dinner once a week! He now realises just how much more Rotary has to offer and his experience in New Zealand has given him the desire to join Rotary when he returns.

Javiera Cuadra from Chile said she was a changed person. She realised how dependant she was on her parents, expecting them to make everything right for her. She now feels in control of her life and very proud of herself.

Julie Gronlund from Denmark spoke of the great bond they all have and that this experience has made her very grateful for all that she has.

Krristine Rostad from Norway is eager to give back and is committed to service above self. She plans on doing volunteer work when she returns.

The one clear message from them all is … their lives will never be the same.

Keynote speaker **Dr Deborah Lambie, Miss New Zealand, Doctor of Medicine at Wellington Hospital and co-founder of LearnCOACH** is a great example of what can be achieved by an individual when they are given the right encouragement. Deborah acknowledged throughout her speech that she had grown up in a family whose mantra was "keep working on it Deb – you can do anything".

Amanda Chambers, Rotary East Coast Bays said *"From the complexities of forward rolls, a journey through med school, beauty pageants and then onto entrepreneurship, it is her self-belief and courage to put herself out there that has seen her achieve and become the successful person she is today".*

Deborah and her partner Dave co-founded their **not for profit** business LearnCOACH – an online platform targeted at high school students. This business was set up with the hope of encouraging others to aspire to do more by experiencing success in education. ***Amanda said*** *"inspired to inspire others, Deborah is the epitome of today's well educated women; spiritually, mentally and physically just awesome".*

Governor Peter presented Deborah with a Paul Harris Fellow for her work with LearnCOACH and enabling more students to leave secondary school with a qualification.

Starry Night Gala Conference Dinner

The main stars, Governor Peter and Elaine walking the "red carpet" through a guard of honour by International Youth Exchange students.

Day 3 started with a presentation from ROMAC

ROMAC
Rotary Oceania Medical Aid for Children

Margaretha Wilson Rotary Whangarei City said *"I found the video excellent, it held my attention and as a parent I felt for the mothers and families of these precious children. You could see the journey these children had to make, the difference ROMAC makes to their lives, the beautiful smiles when they are well.* ***I do have to say WELL done!".***

Margaretha is commenting on the new ROMAC presentation shown at conference; showing the hard work that is put in by the wonderful team of medical professionals, the relentless hours' Rotary volunteers put in and how host clubs make such a difference**. ROMAC - another impressive ROTARY programme**.

Keynote Speaker **William Pike, a motivational speaker and the man behind the William Pike Challenge Award**, a living, breathing example to people of all ages that anyone can overcome adversity and challenges, leading to a more fulfilling life.

William Pike delivered an explosive presentation – **Every Day's a Good Day**, with supreme professionalism, humour, clear graphics, detailed recall and a leg removing demonstration to boot (no pun intended) – there was something for everyone.

Damien, IYE student, got to pull William's leg – literally. Damien was given the option of having a personalised inscription in his complimentary copy of William book, but he declined – saying, "the words I take away are in my heart".

William told us the story of his love for the outdoors and his adventures with friend James, which resulted in him climbing Ruapehu in 2007, and the course of his life changing event. It was several years before he realised the significance of the changes, and that he would give up his teaching career to set up the William Pike Challenge Award.

After the eruption on the mountain that left William as near to death as any person can be and surviving by what medical staff called "a miracle", William has adapted and excelled, realising that he has been given a second chance of life and that there is nothing you cannot do if you put your mind to it. The youth of today are benefiting as a result of William's generosity of nature and experiences.

William was deservedly awarded a PHF for enabling student to embrace challenges, explore the outdoors, engage with their community and interact with positive role models. Williams emailed later "It was a surprise was to receive the Paul Harris Fellow. It's not often I get public acknowledgement for what I do in that way. I have the certificate on display in my office!"

Please read more about William in his book 'Every Day's a Good Day' - a man mightier than a mountain. ***Written by Caroline Campbell, Rotary East Coast Bays***

Many awards and trophies were presented during the conference to hard working clubs and individuals; see page 7.

No conference just happens, thanks must go to the organisers Carol Caulfield and Karen Hall, who against all the odds put together an amazing conference. **Governor Peter & Elaine and all the District thank you**.

District Conference 9910 – Conference Awards

NEW GENERATIONS TROPHY (Rotary Henderson)
Donated by Christine and Roy Bray to encourage and challenge clubs to induct and retain new, younger members in Rotary.

MEMBERSHIP AWARD – LES COLGAN TROPHY (Rotary Port Vila)
Donated by the Rotary Club of New Lynn and is awarded to the club recording the greatest percentage increase of membership over the Rotary year to date.

INTERNATIONAL YOUTH – MARK TAYLOR AWARD (Rotary Whangarei City)
Donated by Past IYE Chairman Mark Taylor for the club making the greatest contribution to the IYE programme during the current Rotary year.

DIVERSITY IN ROTARY AWARD (Rotary Henderson)
This award recognises the commitment a club has made to represent the widely diverse NZ community in their membership.

THE FOUNDATION AWARD – THE WHITE-DIXON TROPHY (Rotary Orewa)
Donated by the 1991 G.S.E. Team from District 1200 (SW England) to the Club making the greatest per capita contribution to the Rotary Foundation in the preceding Rotary Year.

MILLENIUM CUP (Rotary Waipapa)
Donated by PDG Michael Hill, this award recognises the club project which best provides service to the community, innovation, membership involvement, public recognition and presentation.
Rotary Waipapa built benches for Department of Conservation (DOC) areas and walking tracks in the region, which involved all members in some way, either building or installing the benches. The bench-making "parties" strengthened Rotary fellowship and the ideal of service within the club. This project had widespread press and DOC coverage which identified the contribution of Rotary Waipapa. The project is of huge benefit to the Northland community and is an excellent example of Rotarians using their skills to provide a service to others with the help and backing of the whole club. It even involved local schoolchildren who helped at installations – a fantastic way to promote Rotary! The next phase of the project will also involve Rotary Kerikeri, who are upgrading part of the Wairoa stream track and will be helping Rotary Waipapa to build and install the benches along this track.

PAUL HARRIS FELLOWS
Carol Caulfield (2nd Sapphire) and **Karen Hall** (1st Sapphire) for their quick response to a venue change and effort and commitment to creating a successful conference.
Lindsay Ford (Double Ruby) for his passion and commitment to The Rotary Foundation and grant-funded projects within the District and beyond.

CERTIFICATE OF APPRECIATION
Sophia Palethorpe for her help and support of the Conference Elves.

ROTARY FOUNDATION CITATION FOR MERITORIOUS SERVICE (Keith Day, Rotary Kerikeri)
The Citation for Meritorious Service recognizes individual Rotarians who have demonstrated outstanding active service to The Rotary Foundation for more than one year.

ASSISTANT GOVERNOR OF THE YEAR (Thierry van Waerebeke, Rotary Nouméa Ducos Boulari)
Recognises outstanding contribution by an Assistant Governor in fulfilling their tasks, who is well respected by their Area Presidents and has acted as strong support to the District Governor.

Rotary Browns Bay Jumbo Tennis 7s Tournament

Jumbo Tennis originated in Papua New Guinea some years back and Rotary Wellington instigated the event here in 2009.

New Rotary Generation in Dunedin held their first successful event in October last year and now it has been the turn for Rotary Browns Bay to introduce the concept to the Shore.

With 12 teams of 4, it was a cautious start but organiser Paul Martin, himself a former Wellington Rotarian, and Chairperson Paul Mees know this event was a resounding success with most of the Club members contributing in some way.

The 4-man team event was won by a group from Orewa playing on behalf of the Orewa Taxation Service. They were led by former Governor Merv Huxford ***(photo right)***, playing in the uniform of the Hibiscus Hockey Club.

The double winners were Jose Gonzalez from Spain and Kevin Schaad from Switzerland ***(photo left)***, forming half of the Browns Bay located Unique International Language School team. The rest of the team hailed from Liechtenstein and Chile.

So a real international flavour to this very successful event. All proceeds are for the benefit of the Ronald McDonald House and the Auckland City Mission.

It is strongly recommended that you start training for next year's event and **register your interest for 2017 with Rotary Browns Bay (Paul Martin 021 668 890).** Don't leave it late, as the word around town is that Jumbo Tennis is fantastic, people enjoyed themselves, dressed up in funny uniforms, and fun and laughter was the order of the day**. Jumbo Tennis 7s is a new and innovative way to entertain your clients**. PLUS, you are supporting local charities.

Above: the winning team led by Merv Huxford - Orewa Taxation Service.

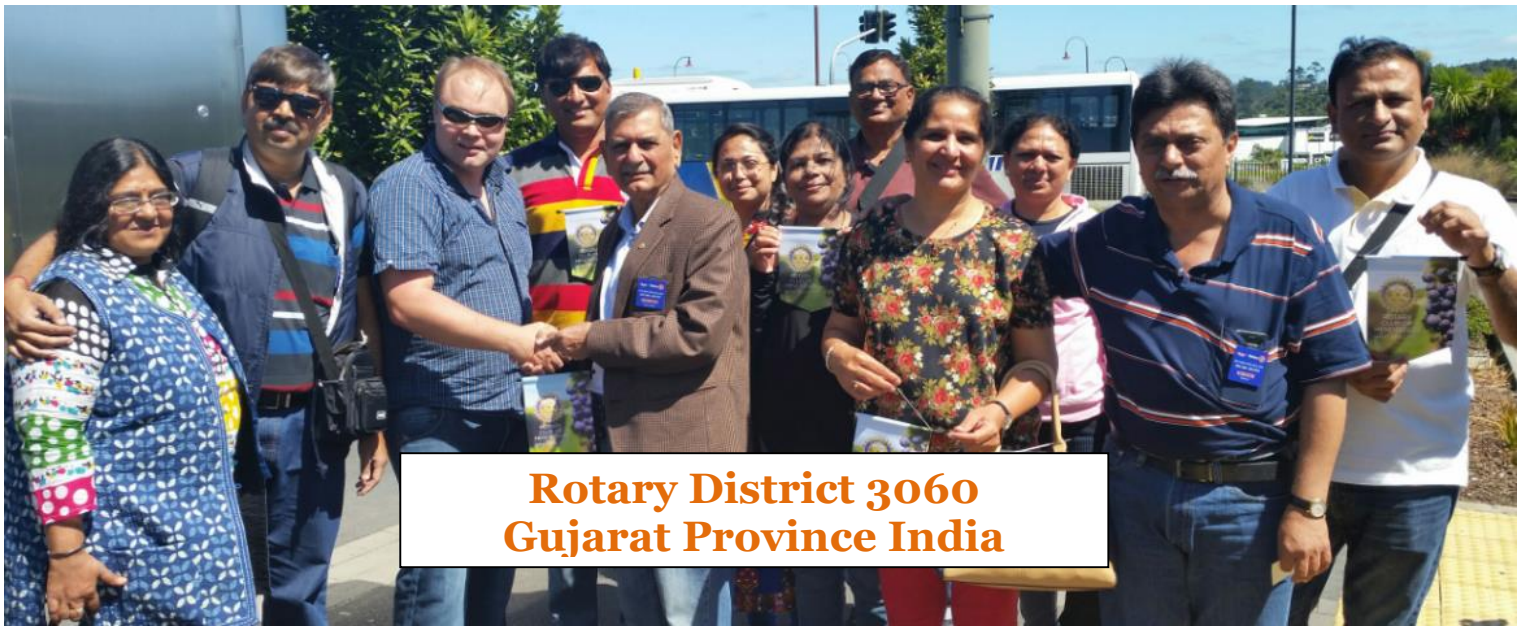
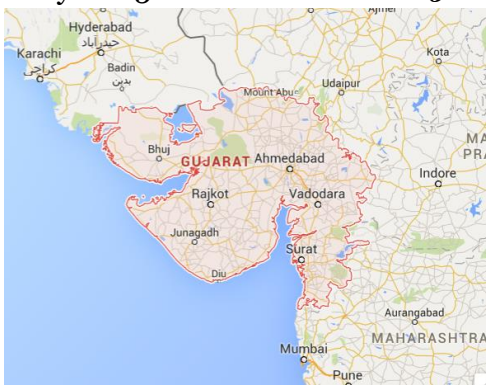
Friendship Visit



In March, the District hosted twelve Rotarians and partners from District 3060 Gujarat Province, India. This is the district of the RI President Rep from PDG Bruce's Conference in May 2015. ***Photo above: District 3060 visitors with Rotary Henderson President Matt McLeod***



District 3060 is in the Province of Gujarat, India's western most state. It has varied terrain and numerous sacred sites. In its urban centre of Ahmedabad is the Calico Museum of Textiles, displaying both antique and modern Indian fabrics. Spiritual leader Mahatma Gandhi's base from 1917-1930 was Sabarmati Ashram, where his living quarters remain on view. The Jama Masjid (Friday Mosque), built in the 15th-century, is defined by its courtyard and columned design. The population in 2013 was 62.7 million.

Rotary Henderson welcomed District 3060 visitors to New Zealand on their arrival. Past Governor Neil Reid and Trish hosted the visitors at their home (***photo left***) for a BBQ and to watch the sun set before they headed north. Whangarei South and Kerikeri looked after the visits while in Northland and on their return to Auckland they were hosted and chauffeured by members from Milford, East Coast Bays, North Harbour, Western Springs, Northcote-Glenfield, Browns Bay, Takapuna North and Takapuna.

BUY A BED

HELP SHIFT THE BOYS

These boys live in Alhaj Amizuddin Orphanage in Bangladesh. Help to build a new dormitory by naming a bed. You can choose the name to be placed on the bed. For example a grandchild, a daughter or a loved one.

$400 will name a bed.

Make a donation today...
Whangarei South Rotary Charitable Trust or
Rotary New Zealand World Community Service.

THE PROJECT

The building of a new dormitory for the orphans is a joint project spearheaded by the Rotary Club of Midtown Narayanganj in Bangladesh and the Whangarei South Rotary Club in New Zealand.

Narayanganj is a city in the centre of Bangladesh very close to the capital city Dhaka. It is in the centre of the textile industry. The Rotary Club of Midtown Narayanganj is a very active club involved in many projects including low cost housing, distributing blankets and food to the poor, fishing net projects, weaving training centre and wide variety of activities which help meet the needs of one of the poorest populations on the globe. PDG Sandra McKersey visited Bangladesh recently to evaluate their Garment Sewing School project which is situated at the Alhaj Amizuddin Orphanage. This visit formed the beginning of the "Buy a Bed" project as the boy's dormitory is desperately needing replaced and the orphanage has reached the stage where no more children can be accommodated. The goals for the project include building a new the dormitory for the boys and then building a facility for orphaned girls.

Rotary New Zealand World Community Service will transmit the funding to Bangladesh which will be donated straight to RNZWCS or through the Whangarei South Rotary Club. The goal of the project is to raised eighty thousand dollars which represents about a third of the cost of the project. This represents only 200 beds and together we can make this happen. Please BUY A BED and let us help these boys into decent accommodation.

For more information, please contact Past Governor Sandra McKersey
T 09 438 4995 M 027 294 1360 E sandra@peoplepotential.co.nz

April is Maternal and Child Health Month

Supporting Parents Alongside Children's Education

Rotary Birkenhead has worked closely with **SPACE, a programme for first time parents and their baby (under 12 months) for the last five years.**
SPACE focuses on **assisting parents** to become **confident** in their parenting choices, by providing weekly sessions that include: the opportunity to meet and get to know other new parents; discussions relevant to child development and parenting topics; play sessions with equipment that supports learning and development; rhymes, music and books for babies, to help start the educational process in a gentle manner and friendly environment. **SPACE** acknowledges that **each family is unique** and by providing **researched information** on a wide range of topics, parents can create a **parenting style** that best suits their family structure**. NO ONE RULE FITS ALL!**

Rotarian Janice Dowle was asked to run a pilot programme in Beach Haven in 2011 and **without the help of Rotary Birkenhead and individual Rotarians, the programme would never have got off the ground.** Today, **SPACE@Cedar Saplings** runs three groups each week and with more funding could run more. ***For more information, please contact Janice Dowle T 09 419 1231 M 021 563 342***

HIPPY | Home Interaction Programme for Parents and Youngsters
Learning to learn together

Rotary Takapuna North have been supporting HIPPY in their work to encourage parents in becoming actively involved in their children's learning. The benefit is that vulnerable children at risk of educational failure arrive at school ready to learn and settle into the learning environment.

HIPPY works with parents of 3½ to 6-year-old children who live in low socio-economic areas with under-achievement in education. Some of the parents on the programme have additional challenges for success,

RUTHERFORD REDE Wealth Management
Forrest FUNERAL SERVICES EAST COAST BAYS | HIBISCUS COAST PHONE US - 09 426 7950 WWW.FORRESTS.CO.NZ
Thermosash BUILDING ENVELOPE SOLUTIONS

such as English as a second language. Being unable to read or write English themselves, many of their children are not attending other early childhood education at the time of their enrolment with HIPPY.

Rotary Takapuna North have contributed large sums of money to this programme from their Great Quiz Night! Everyone has a great night with a lot of laughs, while providing funds to help the most vulnerable children in our community. ***For more information regarding Hippy contract Yvette Seivers*** ***hippynorthshore@gmail.com*** ***http://www.greatpotentials.org.nz/hippy/***

HIPPY and SPACE both cover two areas of Rotary focus, Maternal & Child Health and Literacy.
