December

is

Disease Prevention and Treatment Month

Be a gift to the world

It's December already!

Elaine joins me in **wishing each of you a wonderful Christmas with your family and friends and all the very best for a happy and successful New Year.** We trust you will be able to have a break and enjoy some holiday time.

While this is time for a well deserved break, **I strongly urge you to ask those who you are relaxing with to consider joining Rotary.** As I have been saying during my visits, this is our personal responsibility to ask somebody to consider joining our organisation. I am often surprised when I hear the response "No one has asked me". This means we are missing many people because they have never been asked. Please remember to ask the question Your Governor will be doing this, and I hope to see a positive result in the New Year.

The past months have been very busy for Elaine and I completing the Governor visits to clubs throughout our widespread district. I know I have commented on this in past newsletters, however **I have truly been impressed with the dedication and enthusiasm of members throughout the District.** The **diverse range of support and "gifts" being given to our communities mean we definitely are making a difference.** We look forward to being able to participate in as many events as we are able during the next 6 months. We also look forward to hearing about those changes I talked about during my visits. The changes necessary to ensure your club is attractive to future Rotarians.

During November Elaine and I attended the Rotary Institute in Nelson. This is an annual gathering of past, current and future Governors from the six NZ Districts. This year we were privileged to have both Rotary International President Elect John Germ and Nominee Ian Riseley join us. The Governors were each asked to give a 5 minute presentation on the highlights of our year so far. I was proud to say the highlight for me is summed up in that wonderful saying:

**He tangata! He tangata! He tangata!
It is people! It is people! It is people!**

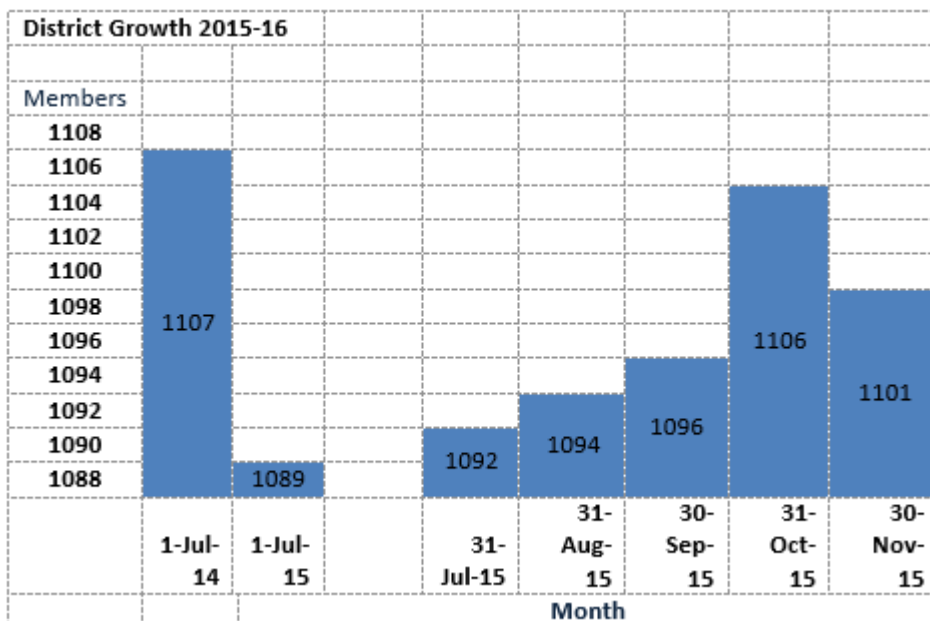

The wonderful, passionate and hardworking Rotarians Elaine and I are privileged to meet as we move around the district. I also talked briefly about the membership challenge facing us, which I communicated to you in the November Newsletter. There are now many initiatives underway by clubs and individual Rotarians aimed

at growing membership to ensure D9910 will continue to proudly serve our communities. I am pleased to report the numbers of Rotarians in our district are slowly increasing. We all must continue to work on this to ensure we do achieve a positive net membership increase at the end of this Rotary Year. I will be providing a membership trend update in each Newsletter from now on.

The Rotary theme for the month of December is “Disease Prevention & Treatment”, one of the six focus areas for The Rotary Foundation (TRF) activities. Our district has just completed a Global Grant project focused on addressing the dengue fever outbreak detected in Port Vila during January 2014. This project provided equipment and resources aimed at both limiting the spread of dengue fever and educating the communities to help prevent the spread. Thank you to each club which **made a donation to TRF during November (Foundation Month)** and a request to the remainder to **please not leave it until the last minute to get your donation into TRF.** I also acknowledge each of you who have committed to be Centurions this year. My goal is to encourage 50% or more of our members to make this **personal** contribution to TRF.

Christmas in the Community

Dargaville's float in their Santa Parade

Thanks to Corin and his team of helpers Dargaville Rotary Club had an impressive presence in the Christmas parade. Their float was particularly relevant to Rotary as it showcased two of our youth initiatives the Selwyn Park School Reading Programme and our substantial donation of equipment to Dargaville High School's Technology Department.

The work of Rotary begins in the community, and every community has its own unique needs and

DECEMBER IS

DISEASE PREVENTION AND TREATMENT MONTH

"The prevention of disease today is one of the most important factors in line of human endeavor."

Charles Mayo

Rotary  

www.rotary.org

concerns. While we serve in countless ways, we've focused our efforts in six key areas to maximize our impact.

Rotary's top priority is the eradication of polio, but our members take on far greater responsibilities to fight disease. Rotarians set up health camps and training facilities in undeveloped countries and in communities **struggling with HIV/AIDS and malaria.** They also design and build the infrastructure for doctors, nurses, governments, and partners **to reach the one in six people in the world who can't afford to pay for health care.**

Disease prevention and treatment takes on many forms, from supporting studies to helping immunize people to improving drinking water

and the sanitation infrastructure. **The world relies on Rotary to tackle these global challenges, and to set an example for others to follow.**

December is Disease Prevention and Treatment Month

Rotary 

Caring is great.
Go one step further.

GIVE

Nearly 6 million children under the age of 5 die each year due to poor health care.

Centurion Fund

This is a very easy way of getting into the habit of making a personal contribution to The Rotary Foundation. The commitment you are asked to make is **less than 1 cup of coffee a fortnight**, NZ \$100 annually. The initial commitment is recognised by the presentation of a certificate and the 'Centurion' lapel badge. Your contributions can be monthly or greater and will be forwarded monthly via Guardian Trust to TRF where the individual member and their club are acknowledged.

Payer Details	Your name and your club's name

Doing good, Feels good.

It may sound cheesy, and we obviously don't encourage volunteering solely for selfish reasons, but that being said - common opinion is that people who volunteer are happier!

How awesome is that?!

Angel Flight New Zealand is largely a Rotary success story, the \$20,000 start-up funding came in equal parts from Rotary Whangarei and Founder Lance Weller.

The very first Angel Flight mission was flown by Peter Urquhart of Rotary Takapuna North; while arguably the most prolific volunteer pilot over the past

three years has been Phil Pacey, Rotary Drury (D9920).

Angel Flight NZ is a charity funded by Rotary, Private and Corporate donations. We co-ordinate non-emergency flights, assisting people who are financially disadvantaged with a medical condition and long distances to travel, by flying them to an airport near their medical treatment facility. One of our **Earth Angels** will meet every flight and drive our passenger to their medical appointment.

John Pringle, Rotary Takapuna North is the Regional Coordinator/Trustee and is hoping to change the name to include Rotary; a good name would be Rotary Angel Flights (RAF) or a similar name to ensure Rotary get the benefit of this initiative. John is available to speak to your club about this programme and seeks donations and/or an annual subscription for \$100 or more. **This is an excellent programme that has good PR potential for Rotary.**

The Emergency Response Kit

A New Zealand initiative for Pacific Emergencies

Over 30 years ago a group of far sighted Rotarians saw a need and started what is known today as **Emergency Response Kits (ERKS boxes).**

The response to last year's major Cyclone Pam in Vanuatu required a significant proportion of Rotary's stock of ERKS boxes, many of which were sent to Vanuatu with the NZ Navy and distributed with the help of World Vision.

this year, a massive 1,000 boxes have been assembled in a Mt Wellington warehouse made available to Rotary by Sir David Levene.

Each box costs \$600, you can donate more or less than this amount, it will still be applied ERKS Boxes.

Have you considered donating your Christmas present money towards this great cause? Pay by Direct Credit to RNZWCS Bank Account 03-1702-0192208-02, **at any Westpac Bank branch**, or post a cheque to RNZWCS, P.O. Box 20 309, Christchurch 8543.

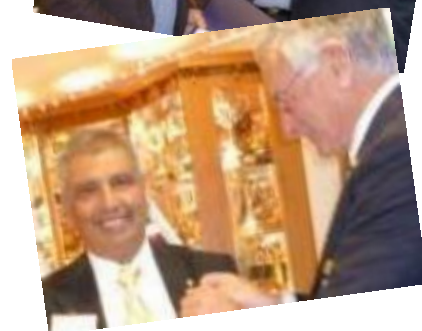

Rotary Westhaven 20th

Governor Peter said "it's always a privilege to recognise contributions to The Rotary Foundation, particularly during Foundation Month".

At [Westhaven Rotary's](#) recent 20th birthday celebration, Governor Peter presented club recognition of a Paul Harris Fellow to Rex Billington and a PHF Sapphire to [Chandu Daji](#).

Well done Westhaven - a great night with many guests, including six Past Governors.

A hero is somebody who voluntarily walks into the unknown. *Tom Hanks*

District 9910 International Youth Exchange Outbound Students for January 2016

Hi there, my name is Elleysha Eastell and I am the outbound student to Austria in January 2016. My outbound host club is the **Rotary Kumeu** and in Austria I will be hosted by the Rotary Club of Spittal/Drau in District 1910. I enjoy hockey and horse riding. I attended Pinehurst School.

Hi, my name is Theo Walsh and I am the pioneer outbound student to Norway. The Rotary Club of Verdal in district 2275 will receive me and my home club is **Rotary Takapuna North**. I am very excited for the extra challenge of being the first student to exchange to Norway. I attended Pinehurst School.

Kia ora! My name is Kaya Leef and I am outbound to Belgium in 2016. **Rotary Birkenhead** is my host club and I will be received by the Rotary Club of Hannut Waremme in district 1630. I am bi-lingual in Te Reo Maori and English. I am in year 11 at Te Wharekura O Te Raki Paewhenua.

Hej! I am Meghan Robson and I am outbound to Denmark in 2016. **Rotary Orewa** is my home host club and I will be received by the Aarhus Rotary Club in district 1450. I hold a brown belt in judo and have competed internationally with the NZ Judo team. I am a student at Carmel College.

Bonjour! My name is Jade Wickman and I am outbound to district 1690 in France. **Rotary Albany** is sponsoring me out and the Rotary Club of Angouleme Les Eaux Claires will be my host club in the Alsace Lorraine region. I am interested in a career in International Aid and Development. I attended Pinehurst School.

Kia ora! My name is Zay'Yen Benson-Brown and I am the 2016 outbound student to Brazil. I am sponsored by the **Rotary Bay of Islands** and will be hosted by the Rotary Club of Campinas Norte in district 4590. I am the 2015 head boy of Bay of Islands College.

Bonjour! I am Tim Schroder from Whangarei Boys High School. I am outbound to district 1630 in Belgium and my sponsor club is **Rotary Whangarei South**. I will be hosted by the Rotary Club of Herve. I am bi-lingual in German and English and I hold a second Dan Black Belt in Taekwan-do.

Hola! I am Louis Paul from Whangarei and I will be the outbound student to Chile in 2016. My sponsor club is **Rotary Whangarei City** and I will be hosted by the Rotary Club of Penalolen of district 4340. I am bi-lingual in Maori and English and hope to have a career in politics.

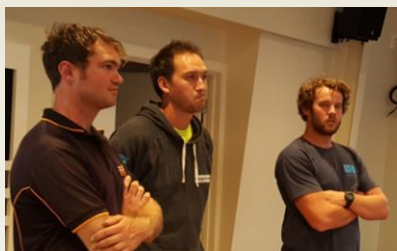

I am Emily Treneary from Rangitoto College. I am very happy to be the outbound student to district 1510 in France, known as La Region des Pays de la Loire. I am sponsored out by the **Rotary East Coast Bays** and will be hosted by the Rotary Club of Niort Sevre. I love French art and history and feel very lucky to have been selected for this opportunity.

Bonjour and Guten Tag!

My name is Marilena Penteado and I am the outbound student to Switzerland. I love languages which is why I was selected for Switzerland. I am sponsored out by **Rotary New Lynn**. My sponsor club is in Friburg, Switzerland, districts 1980-2000. I attend Lynfield College.

Sponsor a Qualified Builder

We need qualified builders who are capable of working **10 hours a day in temp 28-30C and leading the construction while mentoring the local community.** Harry, Jon and Luke (**above**) from Groups 1 & 2 were sponsored by Rotary Clubs and/or private companies and made a major contribution. **After giving up their income, paying their medical and others costs associated with going; it's a step too far to ask them to pay their airfares.** They see Rotary in a very positive light and are potential members. **Sponsoring a builder is a win win situation for Rotary.**

Ways to Sponsor

You, your family or club can donate to the project **OR**

Sponsor or part-sponsor with others a **volunteer builder** - \$1200

Direct Credit Rotary Club of Birkenhead Charitable Trust Bank account 12-3035-0707763-01

OR

Post a cheque to PO Box 34001 Birkenhead Auckland **OR**

Mbossung School Rebuild - Vanuatu – *update*

In seven weeks our District has taken a building that was just rubble on a concrete slab to a solid framed structure completely finished; all to the “Build Back Better” specifications promoted by the Vanuatu Government. Building No 3 accommodates three classrooms and one resource room and a **big thank you to all who have supported Stage 1 – your contribution/s enabled the swift completion**

Members of group 3, Tony Aru and Simon Vira from Santo Hardware, and Jeffrey Ngwele a self-employed builder were presented **Certificates of Appreciation by Rotary Santo** and are photographed opposite with Brad Wood from Santo Hardware, President Joseph Mape Rotary Santo and PAG Rufino Pineda.

On November 27th the Community of Ulei (the greater area around Mbossung School) celebrated the completion of Building No 3 and its opening.

The Vanuatu Daily Post, the largest Saturday print media in Vanuatu carried the story of Rotary's rebuild of Mbossung School on the front cover, page 3 and many coloured photos. **PAG Rufino will be interviewed on the radio** on Monday 7th December to talk about **Rotary's effect post Cyclone Pam. Great Public Relations!**

Guest Speakers

Rotary Birkenhead and volunteers from Groups 1 & 2 are available to speak at your club. To arrange email janice@boatandbach.co.nz

During the period 1 December 2015 to 31 March 2016; **Carema Jeans** will give Rotarians a 50% discount and **donate half of the purchase price to the Mbossung School Rebuild Project.** You get a pair of quality bootleg Italian inspired jeans and \$40 will be donated to Rotary Club of Birkenhead Charitable Trust Visit www.caremajean.co.nz and use the promotion code ROTARY15

Rotary Membership - New Pathways

By Ken Linkhorn DG 2004-05

As we all join in the challenge to ensure Rotary will see another century of service to mankind, we need to fully comprehend **the world is different for each generation.**

If we are to continue to be the greatest volunteer service organisation in the world, then Rotary must be capable of embracing change and being relevant for all people within our global village. If there is a constant it is that there will always be a need

for those who do what they can for those in need.

When Paul Harris walked the streets of Chicago 110 years ago and gathered around him those who began what is now the magic story of Rotary, his 'world' was nothing like today's 'global village', where Rotary enjoys a relatively strong membership - but carries fears for its survival!

These fears in part arise I believe, from **our** failure to recognise and understand that today people in our businesses and communities who are developing leadership skills suited to Rotary, have to continually adapt to rapid changes in their lives, just to keep up with what makes the world 'tick'.

Rotary over the years (you and I) has not transformed enough or at the speed needed to enable us to make 'Rotary' the volunteer organisation of first choice for today's business and community leaders. If we cling to 'the way it used to be', then Rotary may as well roll over and die now!

If you want examples of some of the basic changes that have occurred, just look around at the younger people in your family and community. How and what do they learn? Certainly, it bears no resemblance to how and what we learnt. Remember, we and our forebears have largely made the current global village. They are building on what we gave them, together with the other creative forces that surround them. So let's get off our butts, stop being critical of their world. Let us enable today's and tomorrow's leaders to be part of a new Rotary.

I am fortunate to be a member of a club that has embraced one of Rotary International's trial programs. One that adopts a fairly open style in trying to increase our membership with a slant toward attracting younger persons. Only a slant, any mature person with their heart and morals in the right place are most welcome. Our club is in its 4th year of the trial. We have done nothing wrong but we have

certainly tried many things that have not worked 100%. That is not failure, it is part of the learning process.

Often during the processes I have to bite my tongue, and there is still a lot of blissful ignorance about 'Rotary' that is yet to be absorbed by the newbies and almost the same level of ignorance (probably more) shown by we oldies in understanding the newbies.

Where do you start? Try here! - Your children (say 18+) almost surely want to contribute to make this a better world. So, get beside them, stand in their shoes (metaphorically of course), explain the objectives of Rotary and what it means to live by the 4 Way Test; and then, (keeping your biased thoughts and opinions to yourself) find out how they would structure a Rotary organisation that **would suit them**, so they too continue making positive differences.

"THE SECRET OF CHANGE IS TO FOCUS ALL OF YOUR ENERGY, NOT ON FIGHTING THE OLD, BUT ON BUILDING THE NEW."

— SOCRATES

Then just go and make it happen. Make waves, make changes, make success, make Rotary. We don't have to lose the important and fun things we know Rotary can provide. We just need to make it relevant and

Rotary District 9910 November 2015 page 8

acceptable to our future members. Don't fret over what the Rotary rulebook says now – if the objectives of Rotary and the 4 Way Test, are integral in the new structure and people want to belong – then we can address the “rulebook” issues later.

Remember, there was no rulebook around when Paul Harris started ‘his’ Rotary journey!

I've been in and around Rotary for nearly 25 years, served on many and varied committees and roles for my Club, District and Rotary over that time, including being a District Governor in Rotary's Centennial year. Over this time Rotary provided a fabulous ‘life’ journey for both myself and my wife, overlooked by our children who are now domiciled in New Zealand and Europe with their own young families.

My Rotary ride continues to be exciting, and we are working in a positive environment where I believe we are winning!

If Paul Harris was walking our streets today, I am sure he would have a lot of empathy with what we are going through!

Would I do it all again? Given the same circumstances that prevailed over that period! YES! YES! YES! – but, that was yesterday's world wasn't it? Our children and their children live in today's global village – we need to present Rotary to them in a way they will want to embrace it!

Caption Competition

December Caption... Photo taken at a combined meeting of Whangarei South and Whangarei Clubs. Assistant Governor Rosemary Meyer and Whangarei President Gail Taylor are deep in conversation that has directions to the sky.

November Caption is AG Rosemary Meyer – Whangarei South with “**A shout out for Rotary**”

Don't forget to submit your caption

to Governor Peter and Elaine by 5th January 2016. via email to miselaious@xtra.co.nz the winner will be posted in the District Facebook page on the 1st of the month

Rotary Scholarships

Many of our Rotary clubs support their local schools and this month a number present scholarships in recognition of excellence through the year and assistance to the next level of education.

Rotary Whangaparaoa provides three \$1000 scholarship each year to the secondary school in their area. **Left** Paul Barker presenting Grace Fletcher of Kingsway School with a mobile direct credit for \$1,000. **Top right** Eric Jones presenting Liam McIntyre of Whangaparaoa College with a cheque for \$1,000 and Brian Mullan presenting Rosalie Reeves of Wentworth College a cheque for \$1,000.

Recently **Governor Peter** was **privileged** to attend **Rotary Onehunga One Tree Hill** annual **Haskell-McKeever-Walls Awards night**. Initiated in 1992 as the Alan Haskell Memorial Education Trust in recognition by **Past Governor Alan Haskell (85/86)** who as a member of Onehunga club was active within the community and Chairperson of Onehunga High School. His friend and fellow club

member **Fred McKeever** established another education trust in 1998, with a 21 year investment plan and income to provide annual scholarships to the 4 local schools. Another club member, **Dennie Walls, Walls & Roche pharmacy**, donated money to be held in trust for an “**Endeavour**” award to be given at Onehunga High for the student who shows great service to the school.

Three amazing people whose community spirit lives on today

Teachers from the four schools proudly presented their awardees, outlining their backgrounds and qualities which led to the recognition.

The photo above is Back row from left President Dieter, Ollie Taumihau (Royal Oak Intermediate); Nandita Singh (Onehunga High); Chantelle French (Onehunga High); Gina Finau (Onehunga High); Charlie Thomas (Onehunga High); Tracy Faatoafe (Onehunga High); Governor Peter, front row from left: Tavita Tuineau (Onehunga Primary); Matthew Lialiga (Onehunga Primary); Carala Fernando (St Josephs School)

Awards were presented by Grant Haskell (Alan’s son), David Daniel (McKeever trustee and Past President) and Jennifer Wiseman (Dennie’s daughter). As **Chair of Leadership New Zealand**, Governor Peter was heartened to listen to the theme of **leadership by example, care for others and perseverance to achieve despite obstacles**, that came through for all of these exceptional young people. All of the recipients exemplify **Rotary’s motto “Service Above Self”** and are truly the future of service within our community locally, nationally and globally.

Godden Memorial Hospital Refurbishment Project at Lolowai East Ambae Island Vanuatu.

This project has many components, rebuilding a hospital, training locals to be builders and providing ongoing employment all led by Rod Kestle of **Rotary Onehunga One Tree Hill**.

Planned over three years and broken down into 10 stages; due to unexpected extra work, especially in the maternity ward external walls and toilet units the project will run into its 4th year. Funded by two Global Grants; stage one to six were completed this year and stage two covers stages seven to ten which will commence in 2016. The staging allowed the hospital to continue operating while a total refurbishment was taking place.

The local community have been very involved and are all amazed at the finished work. During this project a new

Lolowai Rotary Community Corps has been established by **Rotary Onehunga One Tree Hill** and **Rotary Henderson** as co-partners. This new club has been actively involved with this project and when the large septic tank had to be back-filled a team of 52 village men arrived to complete the task in two hours.

The best thing about this project is not only are we giving these remote village people a refurbished hospital but Rotary is leaving a "training footprint" behind to teach the local men the skills to do future projects themselves. Both Global Grants will pay one local Rotary trained carpenter to carry out maintenance work at the hospital for one day a week for two years. The competition for these positions are keenly sort by the top team of four young local men.

Left is a typical new ablution block toilet constructed in the male and female hospital wards. Each block had three showers and toilets, one disabled toilet/shower with all floors epoxy coated. Just imagine using the old toilets when you are unwell!

Right is the last baby to be born in the maternity ward before we

started major renovations.

Rod Kestle's imparting of his knowledge of working on a remote island and the issues the Mbossung teams would face was immeasurable and very helpful during planning. Without this information building No 3 would not have been built so quickly. Rod Kestle and this team are doing an extraordinary project on so many levels and making a major difference to so many areas within the Ambae community. **Rod Kestle and his team, unsung heroes within Rotary!**

Kumeu Rotary Garden Tour

Held on Saturday 14th November, the project commenced with the normal door knocking to ask gardeners to participate.

Six gardens were found for the Garden Tour along with local community groups Girl Guides and Brownies, St Chad's Church Women's Fellowship who sold food and drinks while the Kumeu Vintage Brass Band and Kumeu Brass Band played. The 200 participations enjoyed the gardens, food, beverages and the music with many purchasing plants from the Iris Society and two gardeners who had their gardens on display.

The weather placed it part putting on a fine sunny day which enabled a grand sum of \$6000 being raised for local community groups and the Rotary Kumeu Charitable Trust.

Rotary INTERNATIONAL CONVENTION

28 May – 1 June 2016
SEOUL KOREA

Important deadlines

15 December 2015: Early-registration discount ends

31 March 2016: Preregistration discount ends

South Pacific PRESIDENTS ELECT TRAINING SEMINAR

The 6th South Pacific Presidents Elect Training (SPPETS) will be held on Saturday 6th and Sunday 7th March 2016 at Waipuna Hotel, Mt Wellington, Auckland

Promote your event, product, service or business

This premier event hosts Presidents Elect from six districts encompassing 240 clubs in New Zealand and the Pacific for formal briefing and motivation in their role leading a Rotary Club during the 2016/17 Rotary Year.

The 350 attendees are very motivated community minded Rotarians providing services to nearly every community within New Zealand and the Pacific. The position of leadership of their Rotary club can lead to both national and international projects and are seen as major decision makers within their community and beyond.

Exhibitor booths will be located in the wide corridors of the Hotel either within or close by where participate meet and have morning tea, lunch and afternoon tea.

Booths are 1.2m x 2.4 meters.

Sponsorship, advertising and marketing opportunities are available in a number of areas and should you be interested or know someone who would be, please contact PDG Willard Martin,

E: 4martins@clear.net.nz,

M: 029 5766 437
